## **Building a Sustainable Lewes**

**19 September 2019 7.30 – 9.30 pm**

**Council Chamber, Town Hall, Lewes**

The Mayor of Lewes is hosting a special debate about what sustainable development means for the town. A panel of local campaigners will lead a discussion of how Lewes should tackle the challenge of ensuring economic growth is fairly shared, while at the same time responding to climate change, pollution and biodiversity loss. The debate will take place ahead of the UN Sustainable Development Goals Summit on 24 and 25 September <https://sustainabledevelopment.un.org/> when world leaders will meet in New York to review progress in the implementation of the UN's 2030 Agenda for Sustainable Development and its 17 Sustainable Development Goals. We hope our discussion will feed into that bigger debate.
